## READY TO TAKE THE PLUNGE?

By Bryan Marshall  
Staff Writer

Most people would rather stay indoors than get out in the cold, winter weather.

Beverly Bass will be braving not only the cold weather, but an icy pool of water to raise money for a good cause.

Bass will be participating for the third time in the Special Olympics of Kentucky's annual Polar Bear Plunge fundraiser by taking the plunge herself on Feb. 1 at Joe's Crab Shack in Newport.

"The water is very cold when you first jump in, but you are out and in the tents drying off and getting dressed as soon as you jump and then get to go mingle, warm up and wait for the awards that go to the top teams," said Bass, Grant County Special Olympics coordinator.

### How can I help?

- To donate, call Beverly Bass at 859-322-7366
- Go to [www.soky.kintera.org](http://www.soky.kintera.org)

Last year, more than 2,800 people jumped into pools, lakes and rivers throughout the state to support Special Olympics Kentucky athletes, raising more than \$685,000.

Bass' team, the Grant County Frostys raised \$476 while a team from NorthKey raised more than \$1,500.

Bass said she hopes the Frostys can recruit at least 10 members to jump this year from Grant County and raise \$1,000 for the cause.

Bass participates in Special Olympics to support her daughter Amanda, an athlete in the organization.

## Helping Hands expands services

Helping Hands, a local non-profit coalition of churches, will now be distributing USDA commodities in Grant County.

The change took effect in December.

"We are a growing organization and this addition to our services is challenging and requires more work from our volunteers and more space in our facility, yet we are pleased to provide this to the community," said Will Jones, chairman of Helping Hands.

Helping Hands also recently began distributing food to the Head Start program at Williamstown schools.

"We have had a lot of positive feedback from this and we plan to continue to find new ways to help meet the needs in our area," Jones said.

Helping Hands is located at 214 Barnes Road in Williamstown.

## ARK SITE PLAN APPROVED; BOND SALES CONTINUE

Developers of the Ark Encounter, a biblical-based theme park planned for Williamstown, is moving forward with actual dirt being moved on the 800-acre site off Ky. 36 this spring.

The first phase of the project, which will feature a 510-foot, or 300 cubit, replica of Noah's Ark, is estimated to cost \$73 million. The Grant County Planning Commission approved the site plan for the project in November 2013.

The Williamstown City Council gave first reading to the plan on Jan. 6.

Approximately \$26.5 million of securities have been sold for the project but it still needs another \$29 million in unrated

## GENERAL ASSEMBLY

Will legislators pass a budget on time or be forced into another special session costing the taxpayers money?

Will this be the year lawmakers approve a measure allowing voters to decide on expanded gaming in Kentucky?

What programs and offices across the state will feel the brunt of likely cuts?

Will education funding finally see an increase this year as Gov. Beshear has made a priority or will school board be forced to make tough decisions with their budgets?

Will the minimum wage increase from \$7.25 per hour to \$10.10 as the Democratic-led House lists as its priority?

These questions and many more will be discussed, debated and eventually decided over the next few months as legislators have returned to Frankfort for the 2014 General Assembly.

Look for updates throughout the session from Sen. Damon Thayer, R-Georgetown, and Rep. Brian Linder, R-Dry Ridge, in the Grant County News.

# WHAT 2 WATCH 4

As we usher in a new year, these are the top stories that will either be completed or started during the coming year. The Grant County News will follow these stories throughout 2014.

## ELECTION 2014

Four years have already passed, but 2014 will once again see local city and county office up for election.

The biggest race to watch is undoubtedly for judge-executive.

With Darrell Link opting not to run for re-election, the big question becomes who will be next to lead the county government? There are currently six candidates with a couple weeks left to file.

Williamstown attorney Pete Whaley, who also serves on the Williamstown Independent School Board, and Steve Wood are the Republican challengers.

Wood narrowly lost to Link four years ago after he went to the courts for a recount.

On the Democratic side, former circuit clerk Shirley Wilson, country magistrate Richard Austin, Keith Ellington and Anitra Jump will face off in the May primary.

The crowded county clerk's race features at least five candidates trying to take over Leatha Conrad's seat.

## Library offers Hot Reads to warm up Cold Nights

By Bryan Marshall  
Staff Writer

The Grant County Public Library wants readers to cuddle up with a good book this winter to stay warm from frigid temperatures.

For the fourth year, the library is holding Hot Reads for Cold Nights, a winter reading program from Jan. 13 to Feb. 22 offering prizes for participation.

"It's too easy to think there is

nothing to do in the winter, especially when the fierce cold keeps everyone indoors," said Wynita Worley, public services librarian."This is the first year I am opening the program to teenagers age 13 and older as well as adults. I always thought kids were busy in school, but we have a lot of younger people still doing a lot of personal reading in the winter and their stories that they read for class will count as well."

To sign up and participate,

### DID YOU KNOW?

- Winter reading program begins Jan. 13 and continues through Feb. 22.

readers can either create an account on the library's website, [www.grantlib.org](http://www.grantlib.org), on the Hot

Reads page or get a paper log at the library.

Participants can record the books they read during the program by either filling out the online reading log or turning in a paper ticket for each book read.

"Reading allows people to escape for a few hours into a new and different reality and the reading program injects a little bit of healthy competition," Worley said.

## Robbery suspects arrested here after police chase

By Bryan Marshall

Three Ohio men believed to have been involved in a Florence armed robbery Jan. 9 were apprehended in Grant County after a police chase that topped 100 miles per hour.

Kentucky State Police in Dry Ridge received a call at 2:38 p.m. from Florence Police in an attempt to locate a dark-colored Chevrolet Monte Carlo witnessed leaving the scene of an armed robbery of Spring Leaf Financial.

Trooper Chris Marcum observed a vehi-

cle matching the description about 20 minutes later traveling southbound on Interstate 75 at mile marker 148 in Grant County.

Marcum activated his lights and sirens, but the vehicle did not stop and continued at

a high rate of speed before taking the Sadieville exit and getting back on I-75 going northbound.

Sgt. Brian Maines of the Grant County Sheriff's Office was pulled over at 142 mile marker just inside Scott County in case the vehicle went back north.

"We tried to stop stick them at two different points," Maines said. "At the 144 mile marker, we had a deputy there and we had a Williamstown officer and a (KSP) trooper at the 150 mile marker. Neither one were able to stop stick the vehicles."

## PERSONALLY SPEAKING

## 2014...full of promise

Last year flew by in so many ways; it seems like just last week it was summer. Halloween came and went. Thanksgiving seems like the blink of an eye and it was over. Christmas came and went and in all honesty, I'm glad it's over with. I was a bit of bah humbug this year.

New Years came and went and was just another day. I didn't even stay up to watch the ball drop, which is a yearly tradition. I stayed in and went to bed. Wonder what that says about the New Year?

I didn't make a New Years resolution this year but it's the same as it always is. Be a better mother, forgive more, laugh often and overall be a better person.

How long do you keep your New Year's resolution?

This is something I strive to do everyday. But like most I'm sure by the time June rolls around we have forgotten all about our New Year's resolution.

I am imperfect and make mistakes every day. I say things I probably shouldn't. I tend to be painfully blunt.

If I think something is wrong or dumb chances are I'm gonna voice my opinion about it. I make mistakes as a mother but also try to learn from them. Some might

find this offensive and believe me I have tried to tone it down. It's who I am. I shoot straight and don't beat around the bush so to speak. Some love this about me and some not so much.

Someone once said "The only real mistake is the one from which we learn nothing."

But as long as we learn from the mistakes we make are they really mistakes?

I recently spoke to my sister and she put it in a nutshell "I think most people breathed a sigh of relief when 2013 was over." That is how I felt, glad it was over.

Although it's sad to think that the older I am becoming the faster time is going by. My daughter will be 8 years old in a few months. In 10 years she will be 18.

That's not that long when you look at the grand scheme of things and it scares me half to death. Because that means I am getting

## CAPITOL COMMENTS

## The Senate Republican Majority's top five priorities

Happy New Year! I hope you enjoyed some rest and relaxation as 2013 came to a close. The holidays are behind us now, and we strive to get back into our daily routines. School is back in session and the work of the year in full swing.

As for me, Jan. 7 convened the 2014 General Assembly, a 60-day legislative session creating the next two year budget for Kentucky. This session will encompass many complex issues requiring legislative action. The budget will be at the forefront, but we also strive to make pathways for economic growth and push fiscal responsibility.

The Senate Republican Majority's top five priorities are:

**Regulations Fix:** A constitutional amendment to allow the legislature to overturn proposed regula-

tions should a legislative committee deem a regulation deficient during the interim.

Currently, the Governor can implement a regulation even if it is found deficient.

**Debt limit:** A bill limiting general fund-supported debt to 6 percent of general fund revenues.

**Legislative Pension Fix:** A bill eliminating the "super-sizing" of pensions when legislators leave the General Assembly and take a judicial seat or a high-paying executive branch job.

**Informed consent:** A bill requiring a woman considering abortion to have a face-to-face meeting with the doctor who would perform the abortion.

**Heroin:** A bill addressing Kentucky's heroin problem using a three-pronged approach - treatment, education and intervention.

During the first week, all senators attended two days of mandatory ethics training and sexual harassment prevention training. Education and training help to prevent certain is-

sues from rearing their ugly head, something we plan to avoid in the Senate.

We also celebrated the historic event of having two African-American senators serving in the Senate for the first time in Kentucky's history. The signs of progress in our society are worth celebrating and I, for one, was happy to witness the event.

As we are just getting started, we have had but a small preview of what is to come. Governor Beshear gave his State of the Commonwealth address and presented key initiatives such as tax reform, fund-

ing for education, some public safety issues and expanded gaming. In light of the many issues, we have to remember we are accountable to the people of Kentucky, and the issues become more complex than boilerplate statements may imply.

Thank you for taking the time to read my thoughts on this first week. I appreciate any feedback you may wish to provide. If you have any issues or concerns, please call my office in Frankfort at 502-564-8100 or e-mail damon.thayer@lrc.ky.gov. I appreciate your time and input.

## A WORD FROM OUR READERS...

### Grant residents have compassion

Thanks to all those who volunteered their time and effort in order to make the Grant County Salvation Army Kettle Drive a success.

Thanks to those who gave of their time to ring the bells at such a

busy time of the year and thanks to those who stopped to donate.

It's the spirit and compassion of Grant County citizens that make it possible to reach out to others in need.

Money collected

through the Kettle Drive will be used throughout the year for emergency assistance as well as helping many with their medicine, utilities and rent.

Salvation Army money is also used to send 50

to 60 children to a week summer camp.

A big thank you to Wal-Mart for providing a place for our bell ringers to set up their kettles.

# DOWN AND DIRTY

## Plan ahead for spring garden

Plant and seed catalogs will be jamming the mailbox any day now. I always feel like January ushers in a clean slate for the garden: optimism abounds among fresh ideas and promises never to repeat a crop busting mistake are sharp in my memory. Sometimes the slate stays clean; sometimes it doesn't. Either way the next couple of months can be used to plan and prepare for the next growing season. Don't get over whelmed by (or over indulge in) all the catalogs until you actually decide on what you want to accomplish for the year.

If your goal is more plants in the yard then figure out what kind of soil and drainage you have. Select plant material based on your particular environment. Over the next couple of months, for example, monitor how well a potential planting sight drains. If it is slow to drain after considerable precipitation then you are likely working with compacted or clayey soils.

Since the recommendation for woody plants is not to over-amend the soil (we do not want a false environment) then the selection process will be critical for long-term health and enjoyment. These clayey compacted situations call for trees and shrubs that have adaptable reputations. On the other hand, if you have soil that drains well than you have a broader range of options; your local nursery can advise.

If your goal is less work in the yard buying more plants may be the answer, believe it or not. Have you considered turning lawn into a mixed border of shrubs and perennials? Yes, there is some work involved, but not of the lawn mowing type. Once beds are established they may need some pruning, dead-heading or weeding but if you follow good gardening practices these will only present themselves seasonally. Good mulching practices go far when it comes to weed control.

For now you can map out the shape of the beds and add compost to smother out turf. All of this can be tilled together in the spring. For a mixed border or perennial garden soil amendments are recommended, their roots don't go as far and wide as their woody relatives so a controlled environment is acceptable.

*Jeneen*  
**WICHE**

Weekend Gardener

**Healthy soil, healthy plants**

If you really want a carefree garden then consider the native grass approach. Kill out all the fescue and plant native grasses and prairie plants. Once established the mini prairie only needs one mowing each spring. The native grasses and prairie plants are adaptable to extreme conditions so clayey soil and droughty weather is no obstacle. You can mix in other flowering plants; and you don't have to be a purist and limit yourself to just native plants. Use the native grasses for the foundation of the yard and then mix in whatever every else has a self-reliant reputation.

If you want to grow your own food then you can start building your beds now. I highly recommend growing your own food for a multitude of reasons. Healthy soil is elemental to a healthy vegetable garden (which is elemental to a healthy you!) Use copious amounts of composted manure; turn it all into the soil in spring and you will have a rich, well-drained canvas from which to work.

If you are burdened by heavy clayey soils then build yourself a series of raised beds to ensure healthy soil. The results are healthier plants that resists pest problems more effectively; grow at an appropriate rate (do not over fertilize to stimulate more growth then the plant can handle); set flower and fruit once the plant has the energy to do so; and produce a satisfactory yield. It truly does start with the soil so if nothing else try to get as much compost down now so you can turn it into the soil on a warm and dry early spring day.

## GRACE NOTES

### Embrace your not-perfectness

One day at the library, a book fell off a shelf and hit a boy named Milo Crinkley on the head.

The title, "Be A Perfect Person In Just Three Days," was just what he needed.

Wanting more than anything to be perfect, Milo checked the book out and set to do everything the author, Dr. K. Pinkerson Silverfish prescribed.

So begins the 1982 children's book "Be A Perfect Person In Just Three Days" by Stephen Manes.

As Milo discovered, to be perfect he had to follow three steps perfectly. On day one he had to wear a stalk of broccoli around his neck like a necklace all day. When asked about it, he said he had a rare disease that only a broccoli necklace could cure.

Day two: Milo had to go without eating for the entire day. Day three: Milo was required to do absolutely nothing for 24 hours- no TV, no crocheting, singing or reading, no playing cards, snapping fingers, eating or even sleeping.

He endured the embarrassment of having to wear broccoli and he was able to not eat for 24 hours but Milo failed at doing nothing. (He fell asleep.) He was crestfallen when he realized he couldn't achieve perfection.

The story ends with Milo learning that "perfect means never doing anything wrong, which means never doing anything at all. Therefore, perfect is boring."

The moral of the story: Embrace your not-perfectness and you'll live happily ever after.

It's a cute book but terrible theology, since God demands perfection. And that's a huge problem for us imperfect humans.

Even so, like Milo, lots of us try to be as perfect as we can be, whether we're aware of it or not. You can tell by asking people if they think they're going to heaven after they die, and if yes, why they think they will.

Those who say they will because they try to do more good than bad, because they pray, because they go to church and put money in the offering plate, because they read the Bible - those who give these reasons are

like Milo Crinkley, hoping to be perfect by trying.

The truth is, those people who are perfect, who obey every single law of God from the day they're born until their last breath will have earned their way into heaven. But that takes too much work and for most of us, if not all, we've managed to break a commandment or two, which

disqualifies us.

The bad news: God lets only the perfect ones into heaven. The rest of us are toast.

However, here's the good news: Jesus came not just to die to pay the penalty for the sins of his people, for our not-perfectness but to be perfect for us.

Because he knew we couldn't, Jesus obeyed every single law and commandment of God and said that if we believe we can exchange our imperfection for his perfection, when God asks us why he should let us into heaven we can say with complete assurance, "You shouldn't. But Jesus said I could on his record, not mine."

That's the only record of perfection God accepts, which should give us all great joy and freedom. If given a choice between having to be perfect for my entire life by working at it for the day I'm born or trusting in Jesus' perfect life lived for me, I'd be a fool not to choose Jesus, especially when I know darn well that I've never lived a perfect moment ever. I probably even sin in my sleep.

Christians are those who believe that in Christ God sees them as perfect, not based on what they do or have done but solely on what Christ has done. When Christians try to add to add their own perfection to that of Christ's by keeping score of all the good things they do for God, it's actually a slap in God's face. It's saying "Jesus, your life, your cross, your sacrifice was nice and all, but it wasn't enough."

So, here's my thought: Let's start 2014 by being perfect, since in Christ that's what we are- we have his perfection as our own.

I can't think of any better way to have a perfectly happy new year.

## CHASE

Continued from page 1

“As we approached the 153 mile marker, that’s when three truck drivers basically lined up across three lanes to try to slow him down. At that point, the vehicle went off the right side of the roadway and lost control trying to go around the tractor trailers. It ended up over in a ravine,” he said.

As law enforcement personnel went over the hill to approach the wrecked vehicle, Maines said two of the suspects jumped out of the vehicle and took off running up the hill while the driver remained in the car.

“I got in a foot pursuit with the two who were running and instructed other officers to go toward U.S. 25 where they were running,” Maines said. “They crossed U.S. 25 and crossed the railroad tracks and went a couple hundred yards into some woods. Ultimately, they were apprehended.”

The two fleeing suspects had cash on them, but they did not have weapons during the foot pursuit.

They were captured by Grant County Sheriff deputies without incident.

Kentucky State Police charged the driver, 24-year-old Paris Mason of Fairfield, Ohio, with driving under the influence and other traffic violations.

The two passengers, 25-year-old Jeff Mason of Avondale, Ohio, and 26-year-old Steve Turley of Cincinnati, were charged with public intoxication.

All three suspects were also charged with fleeing or evading police, first-degree, and carrying a concealed weapon.

Maines said one gun was confiscated from the vehicle.

The three suspects were transported the the St. Elizabeth Hospital in Grant County for minor injuries from the collision before being housed at the Grant County Detention Center.

They were transported Jan. 13 to Boone County, where they will likely be charged in the Florence robbery.

Maines said the speeds during the police pursuit ranged anywhere from 80 to 110 miles per hour.

“They were in and out of traffic,” he said. “They were passing people on the right and left shoulder. They were a danger to everybody on the highway.”

## Local dentists get proactive with schools to prevent cavities

By Bryan Marshall  
Staff Writer

A group of local dentists are being proactive in order to prevent Grant County Schools’ second graders from getting cavities.

The dentists who are volunteering their time and office resources for the new dental sealant program include Dr. Jack Lenihan, Dr. Cara Copes, Dr. Tim McMahon, Dr. Ken Rich, Dr. Adam Rich and Dr. Jonathan Rich.

The program is free for all Grant County Schools’ second graders who have parental consent forms.

The process begins with the dentist going to the schools to screen the students.

“Basically, this is just a quick visual exam to see if dental sealants would benefit the child,” Dr. Lenihan said. “Reasons that a child may not qualify

for sealants include: first permanent molars have not erupted yet, molars already have active cavities or molars have already been successfully sealed or filled.”

The next step happens on a different day when the students who qualify for the sealant take a field trip to the dental office.

Dr. Lenihan already screened second graders at Crittenden-Mt. Zion Elementary in October, followed by placing the sealants with Dr. Copes.

Mason-Corinth Elementary students are scheduled to have their sealants put on this week at Precision Dental Care.

Second graders at Dry Ridge Elementary will be screened and have sealants place in March while Sherman Elementary is scheduled to participate in the program in April.

“Second graders are the perfect candidate for dental sealants in their per-

manent first molars because the teeth just erupted in the last 12-18 months,” Lenihan said. “We are able to seal the grooves of the teeth before they can get bacteria in those grooves that can cause cavities. Some of these children are very predisposed genetically to cavities. Some already have cavities in their primary (baby) teeth. Sealants help protect the permanent first molars.”

Lenihan said the screenings will also allow the dentists to communicate to parents if their child has multiple areas of cavities and the need for a follow up with their dentist.

“Untreated cavities can lead to infection that can cause the children to have pain,” Lenihan said.

For more information about the dental sealant program, call Rhonda Schlueter, Grant County Schools district health coordinator, at 824-2862.

## LIBRARY

Continued from page 1

“This year, we are handing out 50 coupons for a free coffee from Beans in Dry Ridge to those who log two books. I’ll draw at least two names every week from those who log books for little prizes such as book bags and socks. Plus, everyone who logs at least five books from Jan. 13 through Feb. 22 will be entered in a draw-

ing for a \$10 Barnes & Noble gift card, which is good for in store or online purchases,” Worley said.

Anyone can sign up anytime during the six-week period.

Last year was the first year the library hosted the winter reading program with an online book log like they do for summer reading.

Participation doubled to 82 readers in 2013, a number Worley hopes increases

again this year.

“Almost the entire reason I do reading programs is because I love giving away stuff,” she said. “My biggest thrill is when I get to call someone to tell them I drew their name and they get to pick a prize. They’re always so surprised and happy and I get such a kick out of it. It makes my day; and I’m pretty sure the winners like it too. Anyone who loves little surprises to brighten their day should participate.”

## PLUNGE

Continued from page 1

Her son, Zach, also will be taking the plunge for the fourth year.

This year, John Sanders, principal of the Grant County Career and Technical Center, has joined the Frostys.

NorthKey will also have a team again this year, captained by Mandy Haigis.

Bass said Grant County Drugs is also forming a team.

“Special Olympics is such a great organization,” Bass said. “They offer more than

sports training for the athletes that participate, it also offers social interaction and a place where they can show off their talents and abilities where most would not have a chance to do. As with most non-profit organizations, Grant County Special Olympics relies solely on contributions from individuals and businesses in the community and in fundraisers like the Polar Plunge.”

Bass is hoping Grant County residents will help sponsor her team or take the challenge to take the plunge

themselves and raise money for Special Olympics.

Anyone who would like to make a tax-deductible donation to the Grant County Frostys or another local team, can call Bass at 859-322-7366 or go to www.soky.kintera.org and click on sponsor a polar bear and do a name search.

Contributions can also be sent to: Special Olympics: Attn: KY-Ohio Polar Plunge, 105 Lakeview Ct., Frankfort, KY 40601-8749.

“For those that don’t like the cold or are not able to

plunge and would still like to participate in this great event, there is a Too Chicken to Plunge category,” Bass said. “You can raise money for the Special Olympics and earn prizes for participating and not plunge in the pool. All it takes is \$75 or \$50 for junior plungers that are under 18 to take a chilly dip for a great cause.”

For more information about the Polar Bear Plunge, call Bass at 859-322-7366 or or e-mail beverlyfbass@yahoo.com.

## JUMP EARNS SPOT IN 1,000-POINT CLUB

By Wade Holland  
Sports Correspondent

If they didn't get the hint before the game, Calvary Christian certainly got the message during the game that Williamstown's David Jump is a special player.

Just moments after being honored in a pre-game ceremony for becoming the newest member of the Williamstown High School 1,000-point club, Jump put on a show against the visiting Cougars with 36 points in a 76-37 Williamstown win.

The senior shooting guard dominated from the opening buzzer, hitting eight 3-pointers and all six of his free throws while nearly outscoring the entire Calvary Christian team by himself.

But that kind of performance is only surprising if you do not know Jump. It's certainly not surprising to Williamstown Coach Roger Harden and the rest of the Demon faithful.

"As good as he is, David is really just beginning as a basketball player," said Harden. "His approach to the game, his attitude, and his discipline are all top notch. And he scores in multiple ways. But he's not a selfish player. If you are open, he will get you the ball."

Jump, who first suited up for the varsity squad as an eighth grader, surpassed the 1,000-point mark over the Christmas break in a Dec. 21 game at Bracken County.

Against Calvary Christian, Jump took the first shot of the game and sank it from 3-point range to set the tone and Williamstown never slowed down, building a double-digit lead in the first quarter that was extended to 22 at the half.

With his team in full control, Jump was not satisfied and continued to dominate coming out of the locker room after the intermission with four 3-pointers, including three in a row in a span of just over one minute as Williamstown doubled up the Cougars for a 64-32 advantage heading into the final period.

While it may have looked like The David Jump Show, the senior was only able to do his thing because of a strong supporting cast led by fellow senior Chaz Jordan, who finished with 14 points. Junior Cameron Vamer was next with nine points, followed by Brennan Stanley with eight and Jon Jump with four.

David Jump goes for a jumper in traffic.

### Williamstown 52, Bellevue 37

With a 7-3 record coming into the game, Bellevue was considered one of the 9th Region's best teams. But the Tigers were no match for Williamstown, which sent the visitors home on the losing end of a 15-point Demon victory that was nearly a blow-out as early as the first quarter.

David Jump led all scorers with 28 points. But the story of the game was the way the rest of the Demons stepped up in the second half when Bellevue held the Williamstown star to just one basket over the final two quarters of play.

"David draws a lot of attention, but when he does, our other guys are doing a great job of stepping up and hitting their shots," said Williamstown Coach Roger Harden.

"We have other players with great offensive capabilities. And they are getting more and more comfortable," continued the Williamstown coach. "Jon Jump carried us there in the third quarter. He got a lot of loose balls and put them back. And Brennan Stanley went to the hole real well and drew a lot of fouls."

Senior center Chaz Jordan had only six points in the book, but his role in the win was much bigger than that. His defense and work on the boards were second to none in the game.

"Chaz was a real warrior for us tonight," said Harden. "He really came ready to play. He was hitting the boards. He did a great job of grabbing the rebound and putting it back in. I was thrilled with his play tonight."

Williamstown went on the road and had Trimble County down at the break but was unable to withstand a strong second half by the host Raiders. Trimble County outscored Williamstown 42-26 over the final 16 minutes of play to complete the come-from-behind victory.

David Jump was unstoppable with a career-high 38 points, which included 10 3-pointers, also a career high.

Brennan Stanley was next for the Demons with nine points, all on 3-point shots. Jon Jump followed with eight points, while Chaz Jordan added five and Cameron Vamer two to round out the Williamstown scoring.

## Little League registration opens through Feb. 15

The ball fields at Grant County Park are about to get busy as the Grant County Little League gears up for the 2014 season. Registration is now open for all age groups until Feb. 15.

The Little League Board of Directors has made some changes to the upcoming season which will improve player development and overall enjoyment for kids, families, and spectators.

Changes for 2014 will include:

1.) New field renovations are in progress at Grant County Park to accommodate more divisions and keep as many games as possible in one location.

2.) Non-Grant County Residents are able to participate in Grant County Little League.

3.) Girls Fast Pitch Softball (8-13 year olds) will be expanded into minor and major divisions and partner with Owen County for scheduled games. This will allow more games against different teams and divide the age groups for better player development and enjoyment. These divisions will be broken into 10U and 13U.

4.) Boys Ages 7-8 and Girls Age 7 will change from Machine Pitch to Coach Pitch and change to Cal Ripken type rules which will prepare players for the next level.

5.) Sanctioning and Insurance has changed to allow for more opportunities to host local tournaments against other communities and play against other teams outside Grant County Little League depending on the interest level.

There are two ways to sign your child up for 2014 Little League. The league has provided an online registration service for those with Internet access who wish to pay with credit card. Go to [www.gclittleleague.blogspot.com](http://www.gclittleleague.blogspot.com) and follow the link to online registration. The league will also host two live registrations for those who want to sign their child up in person. The first live registration will be held from 10 a.m. to 2 p.m. on Jan. 25 at the Grant County Courthouse. Bring a copy of the child's birth certificate, copy of driver's license for any parent wanting to volunteer, and a proof of address (only for Minor and Major Boys Baseball).

Player evaluations, draft, uniform sizing, and team selection will take place on March 1, 2014.

With the help of local business partners and sponsors, Grant County Little League has set the registration costs at an affordable price. These prices are around 25 percent to 30 percent lower than other leagues in Northern Kentucky. Early registration prices (prior to Feb. 15) and family multiple player discounts for each division are provided. These local organizations have invested in this program to help with the financial burden to families.

### DIVISION SUMMARY:

• **T-Ball** - \$75 (Boys and Girls Ages 4-5) T-Ball is the first chance for children to take the field and parents get the first opportunity to take pictures of the kids running around the diamond. Lot of laughs and cheers from parents and grandparents are common as the players first learn the game. This division is designed to give your child a basic understanding of catching, throwing, hitting, and base running.

• **Rookie Machine Pitch** - \$75 (Boys and Girls Ages 5-6) - Rookie Machine pitch is a players first opportunity to hit a ball pitched at them. There are no strike outs, after a player swings and misses three times, they get to hit the ball off a Tee. This is a great experience for children who have played a year of T-Ball and get to learn how to hit pitches.

• **Coach Pitch** - \$100 (Boys and Girls Ages 7-8) - Coach Pitch replaced machine pitch as we are transitioning to Cal Ripken type rules. This division incorporates actual baseball rules so players can learn how to steal, hit a thrown pitch, and play defense while similar to what they will see at the next level. Players start to learn the importance of field positioning, cut-offs, and swinging at good pitches in this division. It is a great transition opportunity out of T-Ball prior to Kid Pitch Leagues.

• **Minor League Baseball** - \$110 (Boys ages 9-10) - This division is where players pitch with formal Baseball Little League Rules. An All-Star team will be selected from this division to compete in the Little League District Tournament and represent Grant County.

• **Major League Baseball** - \$110 (Boys ages 11-12) - Players will compete under formal Baseball Little League Rules. An All-Star team will be selected from this division to compete in the Little League District Tournament and represent Grant County.

• **Minor League Fast pitch Softball** - \$100 (Girls Ages 8-10) - This division has been created to introduce girls to fast pitch softball. This division is designed to develop pitchers and the fundamentals of fast pitch softball. Games will be played against other teams from Grant County and Owen County Recreation League. An All-Star Team will be selected from Grant County Teams to represent us in the Owen Grant County Clash Tournament at the end of the season. Other all-star tournament opportunities are available depending on interest level.

• **Major League Fast pitch Softball** - \$100 (Girls Ages 11-13) - This division will use high school rules and provide a feeder program to local schools. Games will be scheduled with other Grant County Little League Teams along with Owen County Recreation League. An All-Star Team will be selected from Grant County Teams to represent the community in the Owen Grant County Clash Tournament at the end of the season. Other all-star tournament opportunities are available depending on interest level.

• **Pony League Baseball** - \$125 (Boys 13-15) - This division is designed for older boys to play competitive baseball. Depending on interest level this division will play scheduled games against Owen County Rec. League or be entered into a recreation league in Florence Area.

If you have any questions or need help choosing a division for your child, call Terry or Kacie Peer at 859-824-0844.

# WHS boys JV tops Calvary, Bellevue

By Wade Holland  
Contributing Writer

The Williamstown Demons won a pair of games this week in boys' junior varsity basketball action, topping Calvary Christian, 56-19, before knocking off Bellevue, 44-43, in a thriller that was won in the final seconds.

Williamstown came out of the gates on fire against Calvary Christian and were in complete control after the first quarter, 20-0. The Demons continued to add to their lead and enjoyed a 50-19 advantage heading into the final period.

Carter Sarcione led the Demons in the winning effort with a game-high 17 points on six field goal and five free throws. He got strong support from Brady Montgomery who had 12 points.

Dustin Smith was next for the winners with eight points, followed by Jose Espicio with seven, Caleb Thompson with five, Landon Hare with four, and Jaden Treichel with three.

Williamstown had three 3-pointers in the game. Espicio, Thompson and Treichel all had one a piece.

**Williamstown 44, Bellevue 43**

Trailing with just 3.8 seconds remaining in the game, Williamstown's Brady Montgomery stepped to the line and nailed a pair of free throws to rally his team past the visiting Tigers.

Carter Sarcione paced the winners with 17 points, including seven-of-nine shots from the free throw line. Dustin Smith was next with 13, followed by Montgomery with seven for the winners.

Bryce Montgomery and Caleb Thompson were next with two points each, and Landon Hare chipped in one to round out the Demon's scoring.

**Trimble Co. 35, Williamstown 28**

Trimble County jumped on top early and never looked back, leading by double digits in the first quarter before holding off a second-half rally by the Demons.

Carter Sarcione led all scorers in the game with 13 points, followed by Brady Montgomery with seven, Dustin Smith five, Landon Hare two, and Jaden Treichel one.

Both Montgomery and Smith had one 3-pointer each for Williamstown.

## BRAVES IN TRANSITION

### Grant beats Walton; injuries impact season

By Wade Holland  
Contributing Writer

While the transition to a new coach in Brandon Grammer, has not come easy for the Grant County Braves, things are finally starting to click. The Braves' most recent game against district rival Walton-Verona is proof of that.

Playing what Grammer calls his team's most complete game to date, Grant County led from start to finish in a 63-48 win over visiting Walton-Verona on Jan. 11. The Braves placed four players in double digits and played an aggressive defense that has the new coaching staff excited about the potential of the team the rest of the way.

"We played great overall," Grammer said of his team's win over the Bearcats. "It was our first complete game where we played consistent from the first quarter until the fourth quarter. We out-scored them in all four quarters, which is the first time we've done that all year. The defense we've been looking to play all year, we finally played it the way we wanted to play it. And we reaped the benefits from it."

Seth Adkins led the Braves' offensive attack with a game-high 17 points. But he was not alone with teammate Aaron Hicks scoring 16, including a pair of 3-pointers.

Jordan Rose also hit a pair of shots from long range and was the next high scorer with 12 points, followed by Austin Johnson with 10. Jordan Saylor and Cody Kellam rounded out the Braves' scoring with six and two points, respectively.

Grammer, who is in his first year with the program after replacing Jim Hicks, admitted his team has not transitioned as easily, or successfully, as he would have liked.

"We've had ups and down," he said. "But we have a lot of inexperience that people don't recognize. We have guys playing minutes that they're not use to playing. We have guys playing roles they don't normally play. The guys are learning their roles and now it is starting to click with them that this is what I'm supposed to be doing all the time, not just when somebody else is not doing it."

"But I do believe our guys are doing the best they can right now," Grammer said. "They are buying into the system. It's all new for them. My philosophy is

Seth Adkins muscles his way to the basket past a Walton-Verona defender. Photo by Jerry Morris

not the same as Jim Hicks philosophy was. That's not to say one is right and one is wrong, it's just different coaching. And now our guys and our parents are having to get used to doing things a different way and a different style of play. I believe all five guys on the floor should be scoring options. I believe all five guys should be playing defense. And once we get all five guys on the floor buying into those things, we're going to be a very tough team to beat."

The key to continued success for the Braves, according to Grammer, is clear. It's all in the team's intensity level.

"Our guys have to buy in and no matter who we are playing or what the score is, constantly competing with a lot of intensity and some urgency," he said. "Winning basketball games is not easy. It takes a lot of effort to win. You can't just show up in the 8th Region and win games. And the guys are learning that."

Injuries have not been kind to the Braves, either. One player is currently sidelined with an ACL injury. Another player is currently suffering from an MCL injury. And starter Bo Hammonds is just returning from a recent

injury but may not be 100 percent yet.

The Braves are currently 5-8 overall after the win over Walton-Verona. But Grammer pretty much ignores, or at least tolerates, the win-loss record, instead focusing on post-season success over regular-season wins.

"I love winning basketball games during the season," he said. "But I'm looking at the big picture right now. If we wanted to win basketball games during the season, we would not have traveled to Florida. We would not have went to Ashland. We would have not played the Oldham Counties and South Oldhams. We would have just stayed close to home and played some of the smaller 8th Region schools. But we really amped up the schedule to get ourselves ready for the post-season, and to not just play for a district championship, but to win a district championship."

Grant County will be back in action Jan. 16 at Conner High School before returning home for games against Owen County and Williamstown on Jan. 18 and Jan 20. The Braves will then be on the road for five straight games that last into February.

## Lady Braves leading scorer returns to action

By Wade Holland  
Contributing Writer

Knowing that it's not where you start, it's where you finish, the Grant County Lady Braves continue to have high hopes and even bigger expectations for themselves despite a disappointing start to the season.

Grant County currently sits at 2-10 overall after a recent 74-24 loss to region powerhouse Simon Kenton, a game that gives no hint to the effort the Lady Braves are putting in. But Coach Shawn West is not dwelling on his team's losses, instead focusing on continued improvement with an eye on the ultimate goal.

"Every game is a practice game for us, more or less," he said. "Our goal is to keep getting better and be playing our best ball come district time. And that's what we're working towards."

While the Simon Kenton game is one that everyone associated with the program would like to forget, you have to understand the full story to see the positives in the game. Simon Kenton is clearly the top team in the region and easily one of the best in the state at 15-3 overall with a perfect 5-0 mark against regional opponents and 4-0 record versus district foes.

The Lady Pioneers also rank among the top offensive and defensive teams in the state and have already won a championship in the prestigious Republic Bank Holiday Classic at Lexington Catholic.

Grant County was missing one of its leaders, Jenna Martin, who was out with a broken hand.

West doesn't want excuses. No matter who the opponent or who is in the Lady Braves' lineup, he expects better from his team.

"Our expectation level is high and we're going to continue to push them," he said. "It's tougher when you're not winning, obviously. It's easier to play when you are winning. It's a lot more fun when you're winning. When you are in a losing streak like we are, it's more like work. But the girls have a good attitude and they are responding well when we push them. And if they keep that up, good things are going to happen."

The key to success is effort, West said. And the effort has been good since the team returned from Christmas break.

"We feel real good about our effort," he said. "We've had some real good practices recently. The Walton-Verona game was a very disappointing loss. That's a game we felt could have very easily been ours. And should have been ours. But our effort has been good and continues to get better."

One reason for optimism is the return of Martin, one of the teams leading scorers and defenders. She saw her first action in nearly a month against Simon Kenton and will return to the lineup full time when the Lady Braves take the floor next.

"Jenna is a little rusty still," said West. "But she was able to do a lot of running and other things while she was injured so she has stayed in shape. But she's not really had a basketball in her hand so it will probably take a few more workouts to get her back where she needs to be. But having her back is a bonus for us. It gives us more points on the floor and another good defender."

Against Simon Kenton, the Lady Braves managed just three baskets the entire first half, all in the first quarter. But Grant County was held scoreless in the second period and never recovered as Simon Kenton ran away with the win.

Shelby Harmeyer and Jenna Martin led Grant County in scoring with five points each, followed by Kendall Burk with four, Tiana Thornberry three, Macy Wright, Destiny Chaidez and Karlyn McCoy two each, and Shania Young with one.

"Our expectation level is high and we're going to continue to push them," he said. "It's tougher when you're not winning, obviously. It's easier to play when you are winning. ## Richie Farmer heads to jail

Former University of Kentucky basketball star Richie Farmer was sentenced Tuesday to 27 months in prison for mis-using state resources during his tenure as Kentucky's agriculture commissioner.

U.S. District Judge Gregory Van Tatenhove ordered Farmer to pay \$120,500 in restitution, with \$105,5000 going to the state and \$15,000 going to the Kentucky Department of Agriculture.

Farmer, 44, a guard for the 1991-92 UK team dubbed "The Unforgettables" for their gutsy play, had pleaded guilty in September to two counts of misappropriating government resources while overseeing the Agriculture Department. Farmer, a Republican, was agriculture commissioner from 2004 to 2011.

"Certainly, I made some mistakes and I made some poor judgments, and for that I'm truly sorry," Farmer said in a brief statement in court.

# Lady Demons trounce Bellevue Lady Tigers

By Wade Holland  
Sports Correspondent

Playing for the first time in a week, the Williamstown Lady Demons took a step forward both mentally and physically in a tough overtime win on the road at Bellevue. And it couldn't have come at a better time with the All A Classic right around the corner.

Williamstown jumped on Bellevue early but allowed the Lady Tigers to get back in the game and even take the lead before the Lady Demons dominated the overtime period for a 51-45 victory. The win was the second in three games for the young Lady Demons, who take on Carroll County in the first round of the All A Classic beginning on Jan. 15.

According to Williamstown Coach Kasey Mason, the Bellevue win gives her team confidence and momentum going into the small school tournament.

"Not just the Bellevue game, but I think the last two weeks we've been building some good momentum," she said. "We've

had some really intense, tough practices. Today was maybe the best practice we've had all year. And it's a combination of different things. I think the girls are finally coming together as a team. Bellevue was a good example of someone finally stepping up and taking on the leadership role, and I hope some of that carries over into the All A and after. But the girls are absolutely playing with more confidence than they were a couple weeks ago."

Rachel Montgomery, who celebrated a birthday earlier in the week, showed signs of maturity in the game when she took on more of a leadership role. She also provided the team a jump start when she was asked to play the point guard position during crucial situations in the second half when the team was trailing.

"At halftime I talked to the girls about us needing a spark," said Mason. "I told them that we just looked too comfortable and it looked like we were just going through the motions. I told them, somebody on the team has to step up and be the spark. And

... the last two weeks we've been building some good momentum. We've had some really, intense tough practices.

**- Kasey Mason**  
WHS girls basketball coach

even in warm ups before the second half started, you could see Rachel taking on that role. She was talking to the girls and getting on them. And she was our spark in the second half."

Montgomery was not alone in carrying the team. Sammie Souder had what is likely her best game to date with a dominating double-double performance of 17 points and 18 rebounds despite playing much of the game in foul trouble. She eventually fouled out early in the overtime period.

"She is really hitting the boards hard," Mason said of

Souder's play. "She is playing real big for us right now."

Williamstown was quick out of the gates and built a double-digit lead early. But as foul trouble mounted, the Lady Demons momentum also suffered, forcing Mason to make changes to her normal game plan.

One of those changes was moving Montgomery to point guard, a role she excelled in to help bring the Lady Demons back from four-points down. She had three big assists in her limited time at the point.

"Rachel really played big for us," said Mason. "She had some really big passes and found the open player when we really needed it."

One aspect of the Bellevue win that is concerning to Mason and her coaching staff is the fact that the Lady Demons built an early lead, but failed to finish off the Lady Tigers when given the opportunity.

"We've got to learn how to beat a team," commented Mason. "We had them down and I don't believe we should have let

them back in the game. We're getting there and we're on the verge of really being able to put a team away. We are at a point now where we have to start finishing stronger and putting teams away when we have them down."

Following Souder's dominating double-double performance was Michaela Kennedy and Haley Howe with nine points each. Kennedy scored six of her points in the first half, while Howe scored eight of hers in the second half.

Montgomery was next for the winners with eight points, including four in the fourth quarter. Katie Cheek added four to the Williamstown total, while Justice Chambers and Ashley Marksberry chipped in two each to round out the scoring.

After the All A Classic, Williamstown will return home for a four-game home stand that starts Jan. 23 against district rival Walton-Verona and ends on January 30th against cross-town rival Grant County in the second and final Coaches vs. Cancer series in Grant County.

**NOTICE**

Notice is hereby given that on January 17, 2014 Kentucky Utilities Company ("KU") will file an application with the Public Service Commission, Frankfort, Kentucky for approval of revisions in its Demand-Side-Management and Energy-Efficiency ("DSM/EE") program portfolio, as shown in KU's Adjustment Clause Demand-Side Management Cost Recovery Mechanism ("DSMCRM") tariff and the resulting changes in its DSMCRM charges. In its application, KU notified the KPSC that the revised DSMCRM tariff sheets are proposed to become effective on and after February 16, 2014; however, because KU anticipates the Commission will suspend the proposed changes in the DSMCRM tariff to conduct an investigation of the proposed changes, KU has asked the Commission to approve the proposed changes in its DSM/EE program portfolio and resulting increases in the charges under the DSMCRM mechanism in its DSMCRM tariff to be effective on January 1, 2015.

The proposed changes to the DSM/EE program portfolio, if approved, will result in an increase in the charges calculated under the DSMCRM mechanism. The increase charges for all affected electric rate classes are as follows:

Residential Service Rate RS, Volunteer Fire Department Service Rate VFD, and Low Emission Vehicle Service Rate LEV			
Current Charge per kWh	Proposed Charge per kWh	Difference per kWh	% Change
\$ 0.00349	\$ 0.00378	+ \$ 0.00029	+ 8.3%

General Service Rate GS			
Current Charge per kWh	Proposed Charge per kWh	Difference per kWh	% Change
\$ 0.00238	\$ 0.00222	- \$ 0.00016	- 6.7%

All Electric School Rate AES			
Current Charge per kWh	Proposed Charge per kWh	Difference per kWh	% Change
\$ 0.00088	\$ 0.00101	+ \$ 0.00013	+ 14.7%

Power Service Rate PS, Time-of-Day Secondary Service Rate TODS, and Time-of-Day Primary Service Rate TODP			
Current Charge per kWh	Proposed Charge per kWh	Difference per kWh	% Change
\$ 0.00067	\$ 0.00069	+ \$ 0.00002	+ 3.0%

KU projects that the monthly bill impact of the new DSM/EE programs and program enhancements will be an increase of \$0.29 per month for a KU residential electric customer using 1,000 kWh per month.

This tariff filing may be examined at the office of Kentucky Utilities Company, One Quality Street, Lexington, Kentucky, or on Kentucky Utilities Company's website at [www.lge-ku.com](http://www.lge-ku.com).

This tariff filing may also be examined at the Commission's offices located at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Commission's website at <http://psc.ky.gov>.

Comments regarding this tariff filing may be submitted to the Public Service Commission through its website or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

The proposed changes to the DSM/EE program portfolio and associated increase in the charges calculated under the DSMCRM mechanism contained in this notice are proposed by Kentucky Utilities Company. The Public Service Commission may order changes to KU's proposed DSM/EE program portfolio that may result in charges under the DSMCRM mechanism that differ from the proposed charges contained in this notice.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Commission does not receive a written request for intervention within thirty (30) days of the initial publication or mailing of the notice, the Commission may take final action on the tariff filing.

Minor and Ray Lee Ferguson, wife and husband, dated March 31, 2005, filed April 13, 2005, recorded in Deed Book D307, Page 258, County Clerk's Office, Grant County, Kentucky.

Address: 21 Elm Street, Dry Ridge, Kentucky 41035

**There is not a mobile home, doublewide and/or manufactured home included in the sale.**

The amount of money to be raised by this sale is the principal sum of \$66,080.45, together with accrued interest thereon to August 1, 2009, and interest thereafter at the rate of 8% from August 1, 2009 (per diem interest in the amount of \$14.48) until the entire amount has been paid in full; plus late fees, costs, attorney's fees, and other advances made pursuant to the terms of the Note and Agreement.

The real estate shall be sold on the terms of 10% cash at the time of the sale, except that said deposit shall be waived if the Plaintiff is the successful bidder at the sale, and the balance on a credit of thirty (30) days bearing interest at the rate of 12% per annum for the date of sale. When the purchase price is paid in full, the deed will be delivered to the purchaser. It is further provided that the property sold includes insurable improvements and the successful bidder at said sale shall, at bidder's own expense, carry fire and extended insurance coverage on said improvements from the date of sale until the purchase price is fully paid in the amount of the Court appraised value of said improvements or the amount of the unpaid balance of the purchase price, whichever is less, at minimum, with a loss payable clause to the Commissioner of the Grant Circuit Court and the Plaintiff herein. Failure of the purchasers to obtain such insurance shall not affect the validity of the sale or the purchaser's liability thereunder, but shall entitle, but not require, the Plaintiff to obtain said insurance and furnish the policy or premium thereon or the proper portion thereof shall be charged to the purchaser as purchaser's costs.

The aforesaid property shall be sold free and clear of all liens and encumbrances, except the following:

- All unpaid state, county and city real estate taxes for the year 2014
- Easements, restrictions, and stipulations of record;
- Assessments for public improvements levied against the property;
- Any facts which an inspection and/or accurate survey of the property may disclose.

Property Address: 325 Owenton Road, Corinth, KY

**There is not a mobile home, doublewide and/or manufactured home included in the sale.**

The amount of money to be raised by this sale is the principal sum of Fifty Nine Thousand Seven Hundred Seventy Four Dollars and Fifty Four Cents (\$59,774.54); together with accrued interest thereon to 7/1/12, in the amount of Seven Thousand Seven Hundred Eight Six Dollars and Fourteen Cents (\$7,786.14); together with Late Charges in the amount of Twenty Eight Dollars and Twenty Five Cents (\$28.25); together with Tax Disbursements in the amount of Fourteen Thousand Eight Hundred Fifteen Dollars and Seventy Nine Cents (\$14,815.79); together with Property Inspection/Preservation in the amount of Five Hundred Eighty Three Dollars (\$583.00); together with Deferred Interest in the amount of Two Thousand Nine Hundred Fifty Six Dollars and Fifty Four Cents (\$2,956.54); together with Attorney's Fees in the amount of One Thousand Three Hundred Fifty Dollars (\$1,350.00); and Court Costs in the amount of Seven Hundred Ninety Six Dollars (\$796.00).

The real estate shall be sold on the terms of 10% cash at the time of the sale, except that said deposit shall be waived if the Plaintiff is the successful bidder at the sale, and the balance on a credit of thirty (30) days bearing interest at the rate of 12% per annum for the date of sale. When the purchase price is paid in full, the deed will be delivered to the purchaser. It is further provided that the property sold includes insurable improvements and the successful bidder at said sale shall, at bidder's own expense, carry fire and extended insurance coverage on said improvements from the date of sale until the purchase price is fully paid in the amount of the Court appraised value of said improvements or the amount of the unpaid balance of the purchase price, whichever is less, at minimum, with a loss payable clause to the Commissioner of the Grant Circuit Court and the Plaintiff herein. Failure of the purchasers to obtain such insurance shall not affect the validity of the sale or the purchaser's liability thereunder, but shall entitle, but not require, the Plaintiff to obtain said insurance and furnish the policy or premium thereon or the proper portion thereof shall be charged to the purchaser as purchaser's costs.

The aforesaid property shall be sold free and clear of all liens and encumbrances, except the following:

- All unpaid state, county and city real estate taxes for the year 2014
- Easements, restrictions, and stipulations of record;
- Assessments for public improvements levied against the property;
- Any facts which an inspection and/or accurate survey of the property may disclose.

For further information, see the Final Judgment and Order of Sale and pleadings of record in the Office of the Circuit Court of Grant County.
